Luxembourg asset manager GSLP becomes part of the Cinerius Group

GSLP International S. à r. l., an independent asset management company in Luxembourg that has existed since 1987, will be the first Luxembourg company to join Cinerius, an internationally operating group of independent asset managers. The transaction is still subject to regulatory approvals and is expected to be completed in the first quarter of 2025.

GSLP manages more than EUR 500 million in assets from private clients. The company will continue to operate as an independent business, and the current management of GSLP, Norbert Lersch, Arnd Brüggewirth and Stefan Schlicher, will remain in place. The existing shareholders expect that the affiliation with the Cinerius Group will enable them to further increase their growth.

Norbert Lersch is looking forward to the collaboration: "Cinerius understands the requirements of our industry and offers our company long-term stability and independence. We are pleased to use this partnership as a growth lever for customers and employees and to be able to create suitable age-related succession solutions at GSLP in the long term."

Sibylle Peter, member of the Board of Directors of Cinerius Financial Partners, explains: "With GSLP, we are pleased to welcome another competent company to the Cinerius Group. With over 35 years of expertise as an independent asset manager in Luxembourg, the company is ideally positioned to continue its growth trajectory together with us. Cinerius is pleased to be present in Luxembourg, an important financial centre in Europe, with a partner company in the future."
